

Candidates Statement

Election Title and Date: Hayward City Council; June 6, 2006

Name of Candidate: Kevin Dowling

Occupation: Hayward Councilmember/Aide to Alameda County Supervisor Alice Lai-Bitker

Age: 43

My education and qualifications are: During my 17 years of service to Hayward, including eight as a City Councilmember, I've worked hard to make my hometown a stronger and better community. My efforts included cooperating with the school district to build Hayward's first new schools in 40 years (Burbank and Stonebrae). I helped develop new parks and improve older ones. I brought new revenue for public services through new retail including Home Depot, Target and the future downtown cinema. I supported reopening Fire Station #9 and am committed to restoring police officer positions that have been frozen due to state budget cuts. I fought traffic congestion by supporting a compromise interchange at 880/92 that will improve traffic flow without destroying neighborhoods. I will work to ensure there is good communication between Hayward residents and city hall, and I will promote stronger ties between city government and homeowners associations. I am a graduate of local schools, including Moreau Catholic High School and Santa Clara University. I hope to continue my work on City Council, and I would appreciate your support.
